PROFESSIONAL SUMMARY

Computer Science student at the University of South Florida seeking a software engineering internship. Building hands-on experience in C, C++, Python, JavaScript, HTML, and CSS through coursework and personal projects. Offers strong communication, teamwork, adaptability, and problem-solving skills developed through high-volume customer service experience, with a strong interest in cybersecurity, healthcare, and defense-focused technology.

EDUCATION

University of South Florida — Bachelor of Science in Computer Science | *Tampa, FL* | 2025–Present | GPA 3.4

St. Petersburg College — Associate in Arts | *St. Petersburg, FL* | 2023–2025 | GPA 3.5

TECHNICAL SKILLS

Languages: C, C++, Python, JavaScript, HTML, CSS

Tools: Git, GitHub, VS Code

Relevant Strengths: Debugging, problem solving, teamwork, communication, adaptability, attention to detail

EXPERIENCE

Publix — Customer Service Staff | Tampa, FL | Jan 2024–Present

Deliver customer support in a fast-paced retail environment while maintaining accuracy, professionalism, and a positive customer experience.

Coordinate front-end service flow during busy periods, helping maintain efficiency and strong team communication.

Handle cash-related responsibilities and problem resolution with attention to detail, accountability, and reliability.

ADDITIONAL FIT FOR MITRE INTERNSHIP

Interested in mission-driven software work across cybersecurity, healthcare, defense, and public-interest technology.

Able to collaborate in team-based environments, learn new tools quickly, and apply classroom knowledge to practical software development work.

Seeking an opportunity to grow across front-end, back-end, or full-stack development while contributing to real-world technical challenges.
